JAGUAR XJ6 PROJECT

Low-cost winter project that should result in an excellent outcome. Project includes a Series 3 Jaguar XJ6 complete and in running condition. Not badly rusted but with tired paint, which could clean up nicely, but with a very tired interior. This package INCLUDES a whole parts car with an almost perfect interior plus you get spare front and rear suspensions which should be saleable. \$1850 for the entire package.

CARS FOR SALE

1976 MG MIDGET

Ideal project car. Everything works, 2nd owner since 1978. 58,000 miles. I am selling the car because I do not have the interest or skill to bring the car back closer to original. The interior needs to be refurbished, new carpets, all rubber needs to be replaced, back brakes need to be replaced, could use new springs eventually, and the exterior including wheels need a sand down and new paint. No dents. The roof is does not leak but ideally should be replaced. Tires are excellent, engine was tuned up recently. \$3,850.

1976 TRIUMPH TR6

I am the original lady owner and have finally decided to sell my baby. It is white with black interior and has a custom roll bar. There are 62,200 original miles on the clock. The car has been maintained by The Village Green Motor Company in Halifax for the last 30 years. Service records are available through Peter at the Village Green. The car is equipped with 4 Michelin red stripe tires in excellent condition and the original spare is still in the boot. The car was undercoated from new, has always been parked inside and stored on jack stands during the winters. The body has never had any rust but was re-sprayed 20 something years ago. The interior is in very good original condition as is all the glass. The car was safety inspected yearly until 2016 when I switched to an antique plate. If you buy it now, I can store it until May. Offered at \$19,900. Serious inquiries only, please.

CARS FOR SALE

1959 VAUXHALL VICTOR

I have been asked by Rosemary Julien (wife of our late club member Danny Julien) to help her sell their beloved Vauxhall, especially to another BATANS member. I know this car well; it is in excellent condition, with 30,700 original miles. Asking \$6,500 or best offer

1920 "BULLNOSE" MORRIS OXFORD

Complete with many original spare parts, user manuals, & papers dating back to 1920. It is a fine driving car, albeit a bit delicate as she is nearly 100 Years old. Always garage stored. Great condition for its age. RHD. Odometer reads 1317 miles, but who knows how many times it has rolled around. Car has one bench seat in its original leather; everything is original on this car. Dickie seat in the rear, AKA trunk/boot. Built in the UK; lived there, Australia, and Canada. One of 5 cars exactly like this known to survive worldwide. Has to be seen to be appreciated. Registration # SV8241, Engine # 13415. Reason for selling: we just don't drive her often enough; a fine car like this needs to be driven.

Serious offers only, 902-542-9219 or idmac@eastlink.ca
